Safety and Performance

Vehicles that take on difficult terrain have to be more than just tough. The new 4Runner comes standard with eight airbags, including front seat-mounted side airbags and front and second-row Head/Roll-Sensing Side Curtain Airbags (RSCA) with cut-off switch.

4Runner SR5 V6 interior with Limited Package shown in Sand Beige leather.

SELECT FEATURES

- Antilock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist (BA).
- Vehicle Stability Control (VSC), Active Traction Control System (A-TRAC).
- Seguential shift mode, VSC cut-off switch.
- Multi-mode one touch 4WD system.
- Available Kinetic Dynamic Suspension System (KDSS) (Trail Edition Package only), X-REAS Sport Suspension.6 (Limited Package only)
- Dual-stage driver and front passenger airbags, front seat-mounted side airbags, driver and front passenger knee airbags, roll-sensing front and rear head/side curtain airbags Supplemental Restraint System (SRS).1
- Front passenger airbag occupancy classification indicator.
- All-position 3-point lap and shoulder belts.
- Front seatbelt pre-tensioners with force limiters.
- Anchor points for child restraint seats.
- Active front headrests with whiplash protection.

X-REAS SPORT SUSPENSION⁶

Designed to improve on-road handling performance and ride comfort, X-REAS⁶ technology links each of the vehicle's shocks to their diagonal counterpart via

a gas/hydraulic chamber. During cornering or travelling on a bumpy surface, the gas/hydraulic chamber moves fluid from the cross-linked shock bearing the least amount of force to the shock bearing the greatest amount of force. This helps the wheels maintain contact with the driving surface and helps lessen vehicle body sway and pitch. (Limited Package

HILL-START ASSIST CONTROL (HAC)

You're stopped during your climb up a trail. What can happen next is why 4Runner comes equipped with a feature called Hill-Start Assist Control, or HAC. Without it, a vehicle can roll backward as the driver switches from the brake to the accelerator. HAC detects when the wheels roll backward, and then gently applies the brakes, helping give the driver time to engage the accelerator.

DOWNHILL ASSIST CONTROL (DAC)

Designed to help provide a controlled descent on steep inclines Downhill Assist Control (DAC), it works by setting a target vehicle speed of approximately 3-6 km/h. To help maintain that target speed, DAC sends a signal that automatically modulates 4Runner's powerful brakes.

Toyota Quality

Quality is built right into the production process from the selection of raw materials, right down to the vehicle's final inspection. And it is the responsibility of everyone to ensure the highest quality possible on each and every vehicle. It's through Toyota's philosophy of 'Kaizen' that we are always looking for ways to continually improve. That's how we make things better.

THE TOYOTA PRODUCTION

PROCESS is one that is constantly evolving. With our "Just-In-Time" practice, the goal is to make certain that during the manufacturing process, only what is needed gets produced. The result is twofold: because there's no excess supply, any issues are exposed and promptly resolved to ensure that everything off of the Toyota assembly line is of exceptional quality.

THE HUMAN TOUCH. As impressive as the machinery is, the achievement of perfect fit and finish is also the result of continuous human touch for every step of the way.

SOUND PROOFING TECHNOLOGY. Our Toyota team seeks out every source of noise within the vehicle and works to ensure that they are no longer an issue. This is achieved by using a network of complex sound-absorbing and vibration-damping materials to isolate our interiors from the outside.

TOYOTA CANADA COLD RESEARCH CENTRE. Located in Timmins, Ontario, our teams simulate Canadian winter conditions at our cold weather testing track to make certain that our vehicles remain dependable throughout the long winter months.

TOYOTA'S COMMITMENT TO QUALITY is evident by the frequent awards won by Toyota vehicles, the Canadian manufacturing plants, as well as the millions of satisfied customers who continue to choose Toyota vehicles year after year. For more information visit toyota.ca

¹All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS) which, depending on the model, may include driver and front passenger airbags, front seat-mounted side airbags or side curtain airbags. For important safety information about the Supplemental Restraint System in a vehicle, please see the Owner's Manual or contact your local Toyota Dealer.

²These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of this vehicle may vary. Refer to the Government of Canada publication *EnerGuide Fuel Consumption Guide*.

³Payload = Passengers, Equipment, Luggage and Cargo.

Toyota tests certain phones for compatibility with Bluetooth technology. Please see your Toyota Dealer for details. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the service coverage available in your area.

⁵The Toyota DVD based navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographic updates available at an additional cost. See your Navigation System Owner's Manual and your Toyota Dealer for further details.

⁶X-REAS Sport Suspension does not increase payload.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website **toyota.ca** – or your Toyota Dealer is your best source for up-to-date information.
