<sup>1</sup>All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS) which, depending on the model, may include driver and front passenger airbags, a driver's knee airbag, front seat-mounted side airbags or side curtain airbags. For important safety information about the Supplemental Restraint System in a vehicle, please see the Owner's Manual or contact your local Toyota Dealer.

<sup>2</sup>These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of this vehicle may vary. Refer to the Government of Canada publication *EnerGuide Fuel Consumption Guide*.

<sup>3</sup>Toyota tests certain phones for compatibility with Bluetooth® technology. Please see your Toyota Dealer for details. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the service coverage available in your area.

<sup>4</sup>The Toyota DVD based navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographic updates available at an additional cost. See your Navigation System Owner's Manual and your Toyota Dealer for further details.

**Toyota Canada Inc.** Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website [toyota.ca](http://toyota.ca) – or your Toyota Dealer is your best source for up-to-date information.

# Performance

To create Venza, Toyota engineers knew they would need to elevate performance across a wide range of criteria. The 182-hp 4-cylinder and 268-hp V6 engines are mated to a 6-speed Super Electronically Controlled Transmission that helps manage the engine's power, so Venza can offer smooth, seamless shifts and excellent fuel efficiency. The 4-cylinder and V6 models also come available with Toyota's Active Torque Control AWD System. It actively controls each wheel to help optimize the available traction by distributing the engine's torque to just the right wheels at just the right moment.

V6 and 4-cylinder engines shown with dual VVT-i.

Venza V6 AWD shown in Golden Umber Mica.

# Toyota Quality

Quality is built right into the production process from the selection of raw materials, right down to the vehicle's final inspection. And it is the responsibility of everyone to ensure the highest quality possible on each and every vehicle. It's through Toyota's philosophy of 'Kaizen' that we are always looking for ways to continually improve. That's how we make things better.

**THE TOYOTA PRODUCTION PROCESS** is one that is constantly evolving. With our "Just-In-Time" practice, the goal is to make certain that during the manufacturing process, only what is needed gets produced. The result is twofold: because there's no excess supply, any issues are exposed and promptly resolved to ensure that everything off of the Toyota assembly line is of exceptional quality.

**THE HUMAN TOUCH.** As impressive as the machinery is, the achievement of perfect fit and finish is also the result of continuous human touch for every step of the way.

**SOUND PROOFING TECHNOLOGY.** Our Toyota team seeks out every source of noise within the vehicle and works to ensure that they are no longer an issue. This is achieved by using a network of complex sound-absorbing and vibration-damping materials to isolate our interiors from the outside.

**TOYOTA CANADA COLD RESEARCH CENTRE.** Located in Timmins, Ontario, our teams simulate Canadian winter conditions at our cold weather testing track to make certain that our vehicles remain dependable throughout the long winter months.

**TOYOTA'S COMMITMENT TO QUALITY** is evident by the frequent awards won by Toyota vehicles, the Canadian manufacturing plants, as well as the millions of satisfied customers who continue to choose Toyota vehicles year after year. For more information visit [toyota.ca](http://toyota.ca)

# 2010 Colours

## Interior colour options

- <sup>A</sup> Light Grey Fabric on all models.
- <sup>B</sup> Light Grey Leather optional on all models.
- <sup>C</sup> Ivory Fabric on all models.
- <sup>D</sup> Ivory Leather optional on all models.

Please see your Toyota Dealer for details.

# New vehicle warranty summary

NO DEDUCTIBLES – NO TRANSFER FEES

**COMPREHENSIVE COVERAGE - 3 YEARS OR 60,000 KM** This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

**POWERTRAIN COMPONENTS - 5 YEARS OR 100,000 KM** This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

**MAJOR EMISSION CONTROL COMPONENTS - 8 YEARS OR 130,000 KM** This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

**CORROSION PERFORATION - 5 YEARS UNLIMITED DISTANCE** Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.
