

ALL-NEW 2020

COROLLA & COROLLA HYBRID

TOYOTA

AT TOYOTA, WE'RE MORE THAN JUST A CAR COMPANY

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

RELIABILITY REVOLUTIONIZED

With an all-new sleek design, spirited driving dynamics, remarkable fuel efficiency, and next-gen technology, the all-new 2020 Corolla is your ever-ready partner that you can count on for all of life's endeavours. Crafted with the confidence-inspiring quality, durability, and reliability you've come to expect, the Corolla and first ever Corolla Hybrid feature unparalleled fun, comfort, and safety. Everything comes together to make the 2020 Corolla the best choice to help you connect to the genuine moments that matter most.

THE PERFECT PARTNER FOR ANY LIFESTYLE

PACKAGED TO PERFECTION.

Toyota's design team aimed to craft a car that is stunning from every angle. Corolla's electrifying, modern style includes a honeycomb grille, and a distinct rear end with narrow combination lamps that wrap into the powerful fender flares.

FIRST EVER COROLLA HYBRID

GET THE MOST OUT OF USING LESS.

For the first time ever, the newly revolutionized 2020 Corolla comes in a hybrid model. It's equipped with Toyota's proven hybrid technology, and an athletic design and styling that makes a bold, modern statement inside and out. The 1.8 litre hybrid powertrain with eCVT and 121 horsepower delivers an inspiring and agile driving experience. Paired with remarkable fuel efficiency, Corolla Hybrid ensures that you get to what matters most, on less fuel.

CONVENIENCE MEETS COZY

A DETAILED CABIN WITH FEATURES FOR CONVENIENCE AND COMFORT.

The Corolla's refined driver-focused interior and advanced technology delivers peace of mind, convenience, and soothing comfort. The sensuous, spacious cabin possesses a modern interior with piano black accents, contrast stitching, and soft-touch instrument panels to create a premium feel. You'll feel the difference with the available leather-wrapped heated steering wheel, heated front and rear seats, and moonroof. The Corolla is loaded with a host of easy-to-use tech that is designed to make your drive fun, and your life easier, such as a backup camera, available 8" multimedia display with embedded navigation, and available Qi Wireless charging.

TECH THAT KEEPS YOU CONNECTED

TOYOTA CONNECTED SERVICES¹

This multimedia touch screen display features a host of smart technologies including available Safety Connect^{®2} and Destination Assist Connect,^{®3} which can help provide you with peace of mind and keep you connected to the people, places, and things that matter most to you.

APPLE CARPLAY™⁴

Corolla offers Apple CarPlay™ support as a standard feature. Connect your compatible iPhone® and get directions, make calls, send and receive messages, and listen to your own playlist with your voice through Siri or the touch screen – all while maintaining focus on your drive.

BLIND SPOT MONITOR

By illuminating a warning signal on the applicable outside mirror, the available Blind Spot Monitor can help alert you to vehicles that may be hiding in your blind spot.

ENERGY MONITOR

Tracking your efficiency is easy with Corolla Hybrid's energy monitor. As driving conditions change, the monitor uses both the multimedia display to show you how power is being routed to the drive wheels or how otherwise wasted energy is captured to charge the battery.

THE JOY OF THE RIDE

DYNAMICS THAT DELIVER EXCITEMENT AROUND EVERY CORNER.

If you're looking for fun behind the wheel, the Corolla's agile and responsive yet refined driving dynamics create an engaging drive. It's aerodynamic design and lower, wider platform cut through the air and improve fuel efficiency. Corolla's energetic feel is thanks to a multilink rear suspension, improved shock absorbers, and Active Cornering Assist that help to create exceptional handling, stability, and ride comfort. Also, the 1.8L Valvematic Engine delivers seamless and smooth acceleration, improved horsepower and fuel efficiency, most of all, a fun, spirited drive.

SPORT PERFORMANCE

Upgrade your drive with our SE and XSE models which include a sport front bumper and grille, rear diffuser, rear lip spoiler, dual tip exhaust, and available 18" aluminum alloy wheels. The sport grade models also offer a more exhilarating punch in performance and sharp handling thanks to sport-tuned suspension, paddle shifters, and the new 2.0 litre Dynamic Force engine with 169 horsepower and 151lb.ft of torque that offers outstanding fuel efficiency.

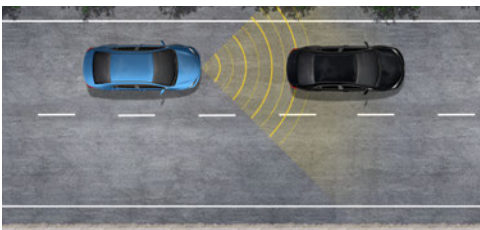

Toyota
Safety
Sense

PEACE OF MIND FOR THE JOURNEY AHEAD

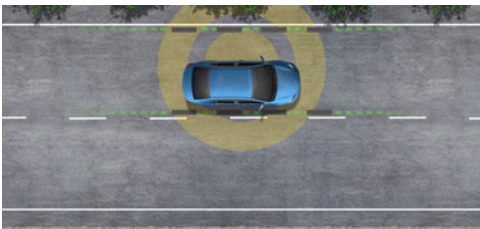

STANDARD TOYOTA SAFETY SENSE™ 2.0.⁵

No matter what roads you travel, Toyota is always there to help keep you as safe as possible. That's why the all-new 2020 Corolla comes standard with an all-new safety innovation. Introducing Toyota Safety Sense™ 2.0, an advanced suite of safety features that adds new technologies and capabilities designed to help protect drivers, passengers, and others who share the road from harm. That's peace of mind we can all get behind.

FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL⁷

Dynamic Radar Cruise Control (DRCC) uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. (Automatic only)

LANE DEPARTURE ALERT WITH STEERING ASSIST⁸ & ROAD EDGE DETECTION

Alerts you if you start to drift out of your lane when visible lane markings or the road edge is detected. The Steering Assist function may also provide small corrective steering inputs.

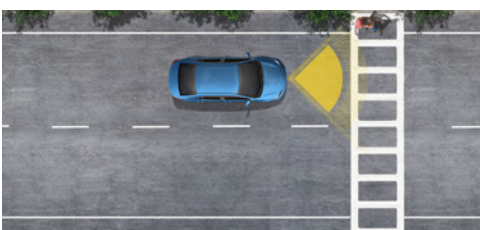

LANE TRACING ASSIST⁹

Provides steering support to help the driver keep the vehicle centred in its lane when Dynamic Radar Cruise Control is in operation. (Automatic only)

AUTOMATIC HIGH BEAMS¹⁰

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

PRE-COLLISION SYSTEM WITH PEDESTRIAN & BICYCLE DETECTION⁶

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. The latest system has enhanced low-light capabilities to help detect pedestrians at night. In certain conditions during the day, the Pre-Collision System with Pedestrian and Bicycle Detection may also help to detect leading and crossing cyclists and help prevent or mitigate a collision.

COROLLA SELECT FEATURES

L

LE

Adds to or replaces features offered on L

DRIVETRAIN

- 1.8 Litre, In-Line 4-Cylinder with 139 hp @ 6100 rpm & 126 lb.ft. of Torque @ 3900 rpm
- Dual Variable Valve Timing with intelligence, Electronically Controlled
- Continuously Variable Transmission
- 6-Speed, Manual, intelligent Manual Transmission (iMT) (Optional)
- Front Wheel Drive
- Power-Assisted, Ventilated Front & Rear Discs
- Combined City & Highway Rating 7.1 L/100 km 40 mpg¹¹ (Manual & Automatic)

ENTERTAINMENT & CONNECTIVITY

- Audio: 7" Touch Screen, 6-Speakers, Scout® GPS Link¹² compatibility (3 year subscription), Works with Apple CarPlay™
- USB Input Port, Auxiliary Input Jack, Bluetooth®
- 4.2" TFT Multi-Information Display
- ECO Indicator (CVT Only)
- Backup Camera

INTERIOR

- Manual Air Conditioning
- Pollen Deodorizing Air Filter, Rear Seat Heater Ducts
- Fabric Seat Material
- 3-Spoke, Tilt & Telescopic Steering Wheel
- Driver & Front Passenger Seats with Recline Adjustment (Manual Only)
- 60/40 Split Rear Bench Seat
- Power Door Locks, Power Windows with Driver Side Auto Up/Down
- Keyless Entry with Trunk Release

EXTERIOR

- Variable Intermittent Wipers
- Colour-Keyed Power-Adjustable Heated Foldable Mirrors, Door Handles
- Automatic Headlamp System, LED Daytime Running Headlights
- Bi-LED Headlamps
- 15" Steel Wheels & P195/65R15 All-Season Tires, T125/100R17 Temporary Spare Tire

SAFETY

- Toyota Safety Sense™ 2.0 – Pre-Collision System with Pedestrian & Bicycle Detection, High-Speed Dynamic Radar Cruise Control for L & Manual Transmission, Lane Departure Alert with Steering Assist & Road Edge Detection, Automatic High Beams
- Star Safety System™
- 8 Airbags

DRIVETRAIN

- Electric Parking Brake
- Combined City & Highway Rating 7.1 L/100 km 40 mpg¹¹

ENTERTAINMENT & CONNECTIVITY

- Audio: 8" Touch Screen, 6-Speakers, Scout® GPS Link¹² compatibility (3 year subscription), Works with Apple CarPlay™

INTERIOR

- Automatic Air Conditioning
- Front Sun Visors with Extenders & Lamp
- Heated Front Bucket Seats with Premium Fabric Seat Material
- Driver & Front Passenger Seats with Recline Adjustment
- 60/40 Split Rear Bench Seat with Fold-Down Seat Back & Centre Armrest
- Front Console Box with Lid

EXTERIOR

- Variable Intermittent Wipers, Wiper De-Icer
- 16" Steel Wheels & P205/55R16 All-Season Tires, T125/100R17 Temporary Spare Tire

SAFETY

- Toyota Safety Sense™ 2.0 – Pre-Collision System with Pedestrian & Bicycle Detection, Full-Speed Range Dynamic Radar Cruise Control (High Speed for Manual Transmission), Lane Departure Alert with Steering Assist & Road Edge Detection, Lane Tracing Assist (Automatic Only), Automatic High Beams
- Blind Spot Monitor

OPTIONAL

LE UPGRADE PACKAGE

- 16" Aluminum Alloy Wheels, Wheel Locks
- Qi Wireless Charging
- Push Button Start, Smart Key System
- Power Slide/Tilt Moonroof
- Leather-Wrapped Heated Steering Wheel

COROLLA SELECT FEATURES

XLE

Adds to or replaces features offered on LE

DRIVETRAIN

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

HYBRID-RELATED COMPONENTS¹³ 8 YEARS OR 160,000 KM

This warranty covers repairs to hybrid-related components that are defective in material or workmanship under normal use and maintenance.

DISCLAIMERS

(1) Services are dependent upon connection to a compatible wireless network. The current compatible 3G GSM/GPRS cellular network is provided by a third-party wireless service provider. Toyota is not responsible for cellular network discontinuance. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. Driving while distracted can result in loss of vehicle control. All set-up of Toyota Connected Services and App Suite must be completed when the vehicle is not in operation. Some features may be locked out while the vehicle is in gear. To reduce risk of accident while driving, exercise care when using the systems (even with the voice commands) and obey all local laws concerning use of the systems while driving (as some laws prohibit the use of electronic devices while operating a vehicle). Text and email functions only available on supported phones. (2) Contact with Safety Connect® response centre is dependent upon the telematics device being in operative condition, cellular connectivity availability, and navigation map data and GPS satellite signal reception, which can limit the ability to reach the response centre or receive emergency support. Once the trial subscription expires, enrollment and Telematics Subscription Service Agreement required. A variety of subscription terms are available; charges vary by subscription term selected. (3) Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by Destination Assist Connect are dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. (4) Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. (5) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (6) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection System with Enhanced Low Light Capability and Bicyclist Detection, part of the Advanced Pre-Collision System, is designed to detect a pedestrian or bicyclist ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a collision avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input, and weather, light and road conditions. (7) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (8) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (9) Lane Tracing (Trace) Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. When potential lane departure is detected, LTA provides a visual warning and either an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. (10) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (11) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (12) Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. Availability and accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. (13) Includes: HV Battery, Battery Control Module, Hybrid Control Module and Inverter with Converter.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.
