

2020

RAV4

AT TOYOTA, WE'RE MORE THAN JUST A CAR COMPANY

WE'RE A PARTNER IN THE JOURNEY TO LIVE YOUR MOST FULFILLING LIFE.

We give you the tools you need to achieve your full potential by designing our vehicles with purpose. To be as dynamic as the life you've always envisioned yourself living.

And we don't stop at meticulously designed, quality vehicles. We're pioneering alternative fuels, improving human movement, and creating meaningful community partnerships, like the one we have with our Olympic and Paralympic athletes. These initiatives demonstrate our determination to give everyone the ability to move freely through a world with constantly evolving mobility challenges, enriching that world in the process.

Alone, just a car. Together, so much more.

EVERY DAY DESERVES MORE ADVENTURE

SQUEEZE MORE OUT OF MODERN LIFE.

The 2020 RAV4. Its stylish design paired with its responsive driving dynamics and rugged capabilities open you up to a world of excitement, while keeping you prepared for the demands of modern life. With the capable Trail, refined Limited, and Sporty Hybrid, there's a RAV4 for every appetite to help push you to your limits. The 2020 RAV4 allows you to see, embrace, and feel the unending possibilities that await you so that you can realize your full potential in every moment.

INSPIRING DESIGN

ROUGHING IT NEVER LOOKED SO GOOD.

RAV4 features a striking and rugged style that exudes strength and inspires you to challenge every part of your day. Its bold front end, imposing stance, and large fender flares show off its aggressive off-road side, while its aerodynamic lines and sleek silhouette accentuate its sophisticated street feel. Whether you're running errands in the city or exploring the countryside, RAV4 empowers your ambitions and redefines what you can do.

XSE HYBRID

Designed to excite, the sporty XSE Hybrid is draped in stylish black accents with 18" black wheels, black grille, and a unique black roof. Inside, premium upgrades include 8" touch screen with Audio Plus with Remote, and 7" Multi-Information Display.

OFF-ROAD PACKAGE

Inspired by Toyota's off-road heritage, the RAV4 Off-Road Package offers next-level power and performance. Its rugged features include 18" TRD alloy wheels with Falken All-Terrain Tires, Off Road tuned suspension, LED Fog Lamps, exclusive TRD Badges and unique two-toned Magnetic Grey Metallic exterior colour with black roof.

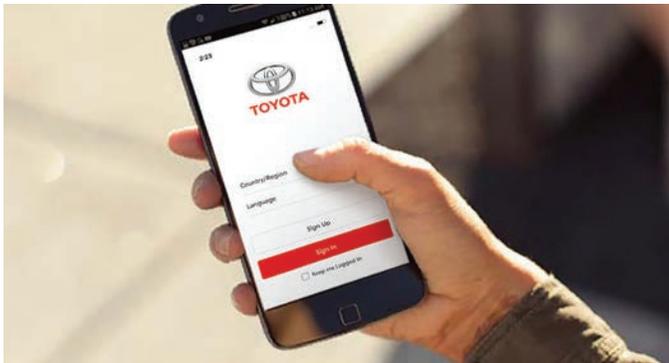

BUILT FOR THE JOURNEY

LOOKING GOOD IS ALSO ABOUT FEELING GOOD.

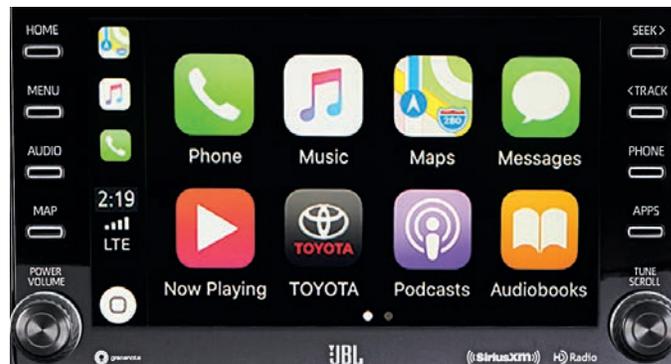

Comfort, convenience, and cargo all come together beautifully in the RAV4's spacious cabin. The available power moonroof opens up to a refined interior filled with premium materials that elevate any driving experience. The high-tech styling, sophisticated colour palette, and modern accents are matched with smart technology and intuitive features within reach of everyone on board. The useful cargo space has plenty of room for all of your things. Simply fold down the 60/40 rear seats to reveal a cavernous cargo area that lets you make the most of every adventure.

THE FUTURE OF USER-FRIENDLY

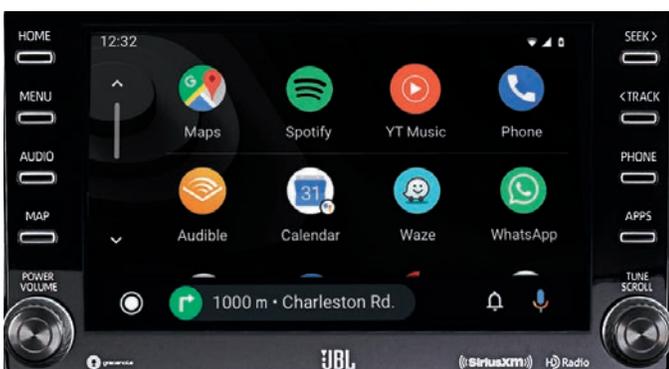

CONNECTED SERVICE BY TOYOTA¹

Staying connected has never been easier with a suite of available connectivity features including Remote Connect, Safety Connect®, Service Connect, and Destination Assist to help enhance your driving experience.

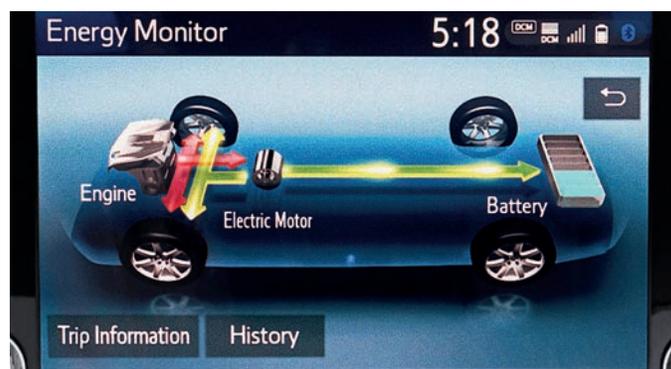

APPLE CARPLAY™¹

RAV4 offers Apple CarPlay™ support as a standard feature. Connect your compatible iPhone® and get directions, make calls, send and receive messages, and listen to your own playlist with your voice through Siri® or the steering wheel controls – all while maintaining focus on your drive.

ANDROID AUTO™¹

Android Auto™ brings your favourite smartphone apps into one place, making it easy to access navigation, media, and communication apps. With the Google Assistant™, you can perform actions with your voice, keeping your eyes on the road and your hands on the wheel.

ENERGY MONITOR

Tracking your efficiency is easy with RAV4 Hybrid's energy monitor. As driving conditions change, the monitor uses both the multimedia display and available Head-Up Display to show you how power is being routed to the drive wheels or how otherwise wasted energy is captured to charge the battery.

POWERED BY EFFICIENCY

RAV4 delivers power and intelligent efficiency so that you can feel the freedom of the open road or secluded trail. The Dynamic Force 2.5 litre in-line four-cylinder engine delivers responsiveness and fuel efficiency for a smooth and sporty drive. The multilink rear suspension offers exceptional handling and control by working with its natural body rigidity in order to keep traction steady. RAV4 also comes available with three distinct drive modes (Sport, ECO, and Normal) so that you can tailor your driving dynamics to match your mood. It also has the capabilities you need, like available AWD to give you greater control and confidence when facing demanding road conditions. When off-roading, the available Multi-Terrain select tailors the RAV4's driving characteristics to specific driving conditions by adjusting the transmissions shift points, throttle pedal sensitivity, and brake force to give you maximum traction and control on a variety of surfaces.

MORE CAPABLE. MORE FUN. MORE MEMORIES.

HYBRID CAPABILITIES

The RAV4 Hybrid will never compromise on power and capability. The Toyota Hybrid System battery can hold a charge longer for greater distances to give you outstanding fuel efficiency.

TOWING POWER

The RAV4 offers the necessary towing strength and power to take on whatever your day has in store. For bigger hauls, the RAV4 TRAIL and TRD Off Road have the power and torque to tow up to 3500 lb.

DYNAMIC TORQUE-VECTORING AWD WITH REAR DRIVELINE DISCONNECT

Enjoy an upgrade in performance that is paired with impressive fuel efficiency. The intelligence of available Dynamic Torque-Vectoring All-Wheel Drive improves handling by sending up to 50% of the power to the rear and then distributes more power to the wheel that needs it. To boost fuel efficiency, Rear Driveline Disconnect will stop sending power to the rear when it isn't necessary.

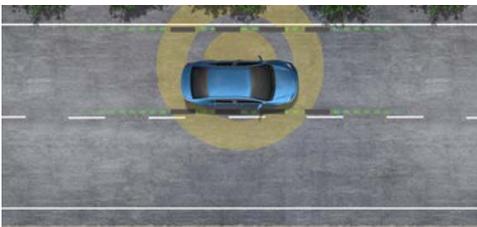

Toyota
Safety
Sense

INNOVATIVE SAFETY

STANDARD TOYOTA SAFETY SENSE™ 2.0.²

No matter what roads you travel, Toyota Safety Sense™ 2.0 is always there to keep you as safe as possible. It's an advanced suite of innovative safety features that comes standard on the 2020 RAV4, and it is designed to help protect drivers, passengers, pedestrians, and people in other vehicles from harm.

LANE DEPARTURE ALERT WITH STEERING ASSIST⁷ & ROAD EDGE DETECTION

Alerts you if you start to drift out of your lane when visible lane markings or the road edge is detected. The Steering Assist function may also provide small corrective steering inputs.

FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL⁶

Dynamic Radar Cruise Control (DRCC) uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance.

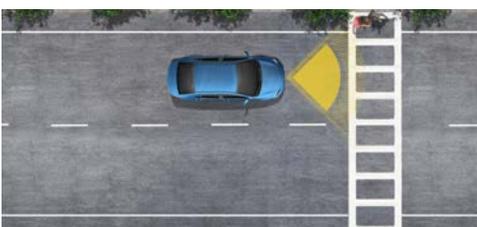

LANE TRACING ASSIST⁵

Provides steering support to help the driver keep the vehicle centred in its lane when Dynamic Radar Cruise Control is in operation.

AUTOMATIC HIGH BEAMS⁴

Designed to detect oncoming and preceding vehicles' lights and depending upon the circumstances, Automatic High Beams can switch between high and low beams for you.

PRE-COLLISION SYSTEM WITH PEDESTRIAN & BICYCLE DETECTION³

Provides collision avoidance or collision mitigation support in speed ranges where frontal collisions are likely to occur. The latest system has enhanced low-light capabilities to help detect pedestrians at night. In certain conditions during the day, the Pre-Collision System with Pedestrian and Bicycle Detection may also help to detect leading and crossing cyclists and help prevent or mitigate a collision.

RAV4 SELECT FEATURES

FWD LE

DRIVETRAIN

- 2.5 Litre, 4-Cylinder, with 203 hp & 184 lb.ft. of Torque
- Variable Valve Timing with Intelligence on Intake Cam, Variable Valve Timing with Intelligence on Exhaust Cam, Sequential Multiport Electronic Fuel Injection, Direct-Injection 4-Stroke Gasoline Engine, Stainless Steel Exhaust System
- Drive Mode Select (Sport, Eco & Normal Modes), Trailer-Sway Control
- 8-Speed Direct Shift, Automatic Transmission, Sequential Shift Mode
- Combined City & Highway Rating 7.8 L/100 km 36 mpg⁸

ENTERTAINMENT & CONNECTIVITY

- Connected Services by Toyota¹ – Audio: 7" Touch Screen, 6-Speakers, Works with Apple CarPlay™ & Android Auto™
- USB Input Ports, Auxiliary Input Jack, Bluetooth®
- 4.2" TFT Multi-Information Display, Backup Camera

INTERIOR

- Air Conditioning
- Heated Driver & Front Passenger Seats
- Power Windows with Auto Up/Down
- Rear Privacy Glass

EXTERIOR

- Dual Heated, Power-Adjustable Foldable Colour-Keyed Mirrors with Integrated Signal Lamps
- Rear Spoiler with LED Stop Lamps, Roof Rails
- Parabola LED Headlamps, LED Daytime Running Lights, LED Rear Combination Lamps
- 17" Styled Steel Wheels & P225/65R17 All-Season Tires

SAFETY

- Toyota Safety Sense™ 2.0 – Pre-Collision System with Pedestrian & Bicycle Detection, Full-Speed Range Dynamic Radar Cruise Control, Lane Departure Alert with Steering Assist & Road Edge Detection, Lane Tracing Assist, Automatic High Beams
- Star Safety System™
- 8 Airbags
- Blind Spot Monitor, Rear Cross-Traffic Alert

FWD XLE

Adds to or replaces features offered on FWD LE

WARRANTY

No deductibles. No transfer fees.

COMPREHENSIVE COVERAGE 3 YEARS OR 60,000 KM

This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 YEARS OR 100,000 KM

This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 YEARS/UNLIMITED DISTANCE

This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

HYBRID BATTERY 10 YEARS OR 240,000 KM

This warranty covers repairs to the hybrid battery that is defective in material or workmanship under normal use and maintenance.

HYBRID-RELATED COMPONENTS⁹ 8 YEARS OR 160,000 KM

This warranty covers repairs to hybrid-related components outside of the hybrid battery that are defective in material or workmanship under normal use and maintenance.

DISCLAIMERS

(1) Driving while distracted can result in loss of vehicle control. Some features may be locked out while the vehicle is in gear. To reduce risk of accident while driving, exercise care when using the systems (even with the voice commands) and obey all local laws concerning use of the systems while driving (as some laws prohibit the use of electronic devices while operating a vehicle). Once the Connected Services by Toyota trial subscription expires, paid enrollment is required. Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. Android Auto and Google Assistant are trademarks of Google LLC. (2) Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the TSS systems may not work as intended. (3) The TSS Pre-Collision System is designed to help avoid or reduce the impact speed and damage in certain frontal collisions only. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, driver input and weather, light and road conditions. (4) Automatic High Beam system operates at speeds above approximately 34 km/h. Factors such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn it off. (5) Dynamic Radar Cruise Control is designed to assist the driver and is not a collision-avoidance system or a substitute for safe and attentive driving practices. System effectiveness depends on many factors such as weather, traffic and road conditions. (6) Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions and provide visual and audible alerts and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. (7) Lane Tracing (Trace) Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. When potential lane departure is detected, LTA provides a visual warning and either an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. (8) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors. (9) Includes: Battery Control Module, Hybrid Control Module, and Inverter with Converter.

Details on the above features can be found in the Owner's Manual or contact your local Toyota Dealer.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure.
