(1) All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS). For important safety information about the Supplemental Restraint System in a particular vehicle, please see the Owner's Manual or contact your local Toyota Dealer.

(2) Fuel efficiency estimates were determined using approved Government of Canada Test Methods. Actual fuel consumption will vary based on driving habits and other factors.

(3) Toyota tests certain Bluetooth® capable phones for compatibility with Toyota vehicles. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the phone software version or the service coverage available in your area. Some vehicles equipped with Bluetooth technology are available with bilingual compatibility. Please see your Toyota Dealer for details.

(4) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

(5) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

(6) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions, driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner's Manual for further details.

New vehicle warranty summary – No deductibles – no transfer fees

COMPREHENSIVE COVERAGE 3 years or 60,000 km. This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS 5 years or 100,000 km. This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS 8 years or 130,000 km. This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION 5 years/unlimited distance. This warranty covers any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

Genuine Accessories

Personalize your Yaris to enhance both its appearance and performance. Many of Toyota's Genuine Accessories can be residualized or advanced through Toyota Financial Services when purchased at the same time as your new vehicle, and yes, they are all backed by a Toyota Warranty. For a complete list of vehicle-specific accessories, visit customizeyourtoyota.ca, your local Dealer or toyota.ca.

- Air Conditioning
- Block Heater
- Bodyside Mouldings
- Bongiovi Acoustics DPS
- Cargo Net
- Hood Deflector
- Paint Protection Film
- Rear Spoiler

Committed to Canadians, today and tomorrow.

Being a leader in the automotive industry does not simply start and finish with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across the country fund non-profit programs that work to make a difference for Canadians through direct community involvement.

As part of our ongoing commitment to the environment and education, we established the Toyota Evergreen Learning Grounds program. This program is designed to transform Canadian school grounds into natural learning environments so that students can have a healthy place to play, learn and develop a genuine respect for nature. We also support Special Olympics Canada, which helps athletes reach their full potential through participation in events from a local to a national level.

Visit us at toyota.ca to learn more about our programs and commitment to build a better tomorrow for Canadian communities – today.
